Taj Mahal ceramic

Introduced with the 2026 collection, the Taj Mahal ceramic finish is now extended across all ceramic products in the Cattelan Italia catalogue, including dining tables and consoles featuring moulded ceramic bases with a monolithic effect. The dialogue between material and form enhances the sculptural strength of each design.

Taj Mahal joins a collection of over fifteen ceramic finishes, bringing a luminous tone defined by a champagne base, enriched with amber veining and a clear, crystal-like structure. Highly versatile, this ceramic is particularly suited to refined interiors where elegance and minimalism are carefully balanced.

Cozy, warm tones that evoke tranquility

Cream hues with delicate veining

Natural look inspired by Brazilian quartzite

## Taj Mahal KM26
