Il design, di matrice brutalista, si esprime in una base in cemento articolata in quattro cilindri a mezzaluna che ricordano silos architettonici; da qui nasce il nome 'Bilbao', ispirato alla città emblema di rigenerazione urbana.

Its design, rooted in Brutalist aesthetics, is expressed through a concrete base divided into four crescent-shaped cylinders reminiscent of architectural silos; hence the name 'Bilbao', inspired by the city that serves as an emblem of urban rebirth.

L'affascinante dettaglio della base si trasforma in un elemento vivo e dinamico: uno spigolo in acciaio specchiato che riflette lo spazio circostante, creando l'illusione ottica di uno squarcio nella struttura.

The distinctive detail of the base becomes a dynamic living element: a mirrored steel edge that reflects the surrounding space, creating the optical illusion of a break within the structure.

Come un puzzle irregolare, il fitto intreccio di incastri spezza la continuità del piano in ceramica e ne valorizza la profondità. L'accostamento dei materiali crea spontaneamente un disegno pittorico, valorizzato dagli inserti in legno massello.

Like an irregular puzzle, a dense network of joints breaks the continuity of the ceramic top, enhancing its depth. The combination of materials spontaneously creates a pictorial pattern, further highlighted by the solid wood inserts.

“

Peggy Turn fa dell'imbottitura oversize, tipica delle poltrone-pouf, l'essenza stessa del proprio design. Forme soffici e vaporose come una nuvola, e pieghe morbide, definite dal caso e dalla gravità, si modellano per adattarsi al corpo con naturalezza.

Peggy Turn embraces the oversized padding typical of lounge and pouf seating, making it the very essence of its design. Shapes as soft and airy as clouds, with gentle folds defined by chance and gravity, naturally adapt themselves to the body.

“

Nella versione piantana, Wanted si distingue per il cristallo dalle tonalità turchesi e opaline. Un effetto ispirato alle superfici ghiacciate, che si ottiene dalla tradizionale lavorazione “balloton” del vetro fuso, riconoscibile nel pattern a rombi incrociati.

In its floor-standing version, Wanted stands out for its glass featuring turquoise and opaline tones. Inspired by icy surfaces, this effect is achieved through the traditional “balloton” glassmaking technique, recognizable in its signature crosshatched diamond pattern.

“

I motivi geometrici, con le loro forme sovrapposte, evocano il fascino esotico delle decorazioni indiane tipiche dei tessuti e delle architetture tradizionali. Il pattern in leggero rilievo, dai colori caldi a contrasto, ne rafforza l'armonia visiva.

Its geometric motifs, with overlapping shapes, recall the exotic charm of traditional Indian ornamentation, inspired by both textile artistry and architectural heritage. The softly raised pattern, defined by warm contrasting tones, enhances its visual harmony and sophisticated sense of balance.
